First announcement

The Nuclear Society of Slovenia in association with the Jožef Stefan Institute, Reactor Engineering Division, cordially invites you to attend the 26th International Conference Nuclear Energy for New Europe. The conference will be held in the beautiful alpine resort of Bled during September 11-14, 2017.

The conference of the Nuclear Society of Slovenia is an international annual meeting of professionals dealing with different aspects of nuclear energy from all around Europe and worldwide. The primary objective of the meeting is to foster international cooperation amongst professionals active in nuclear research and educational institutions, nuclear vendors, utilities and regulatory bodies.

The leading theme of the conference will be “Sustainable Future through Nuclear Energy, Research and Education”.

Bled

With immense natural beauty, Bled, together with its surroundings, ranks among the most beautiful alpine resorts, renowned for its mild, healing climate and thermal lake water. The beauty of the mountains reflected on the lake, the sun, the serenity and the fresh air arouse pleasant feelings in visitors throughout the year, guaranteeing an ideal base for a relaxing break or an active holiday. Bled attracts businesspeople, artists, athletes, explorers, sport enthusiasts, the old and the young, from all over the world, enchanting them to return again and again.
